To Amazing Party Hire

I wholeheartedly recommend the team at Amazing Party Hire to help make your function a success.Â From the moment Chris came toÂ show us the range of products and services (in the evening after work to make it easy for all of us) to helping us set up a fantastic formal arrangement in our backyard, Amazing Party Hire were great!Â We didn't think we could accomodate 80 people in ourÂ backyard, but the "pop-up" marquees looked fantastic and we were able to seat 80 peopleÂ at set tables withÂ white linen tableclothsÂ in comfort - all of the equipment was first-rate from the marquees, to the cutlery,Â down to the smallest details of balloon decorations.Â Chris & the Amazing Party Hire team helped make our daughter's Christening a wonderful event enjoyed by all!Â Â Â

Dear Chris

Thank you so much for the fabulous marquee and lights you installed on the roof of our flat for Saturday night. It was reasonably priced and completely no-fuss which is so important when trying to deal with the stress of throwing a bash. The party was a total hit and would not

have been anywhere near as good without it.

I will recommend you to any friends looking for a marquee in the future.

All the best

Amanda from Tamarama

Dear Chris and Lucy,

Thanks very much. Everything was great and so easy and the marquee looked Fab!!!..

Many thanks.. I will certainly use you guys again when the occasion arises and will happily be recommending you :)

Just wanted to say how happy we were with Amazing Party Hire during both the planning stage and the set up/pack up.

You kept us up to date at all times even though our internet going down during the "big wet" did get in the way a bit, however phone calls to you at that stage were promptly and politely dealt with.

In short thank you for all your patience and efficient assistance. I

would be happy to unreservedly recommend your service.

Dear Lucy

I just wanted to let you know that I think the service I received from you and your company was brilliant. It was probably a relatively small job for you (only 40 of your cheapest plastic chairs) yet the service I received made me feel like your most important customer. From the time I sent my internet request, to when I was contacted by you via e-mail for the quote and then ordering, through to the delivery and pickup. Everything was exactly as promised.

Should I ever need similar services, or should I hear of anyone who needs these services, I would willingly use or recommend your company again.

Thank you
